NOT A SECURITY OR SHARE:

MILLIONCOIN is strictly a utility token in all jurisdictions. It cannot be considered a security, financial instrument, financial service, or otherwise regulated token.

PRICE AND COSTS ON MILLIONCOIN WEBSITE:

Actual prices and fees paid at the time of a transaction when you press the Buy button may be slightly different from those displayed on our website.

The price of MillionCoin is set at the time when the user clicks the purchase button. If the transaction is not completed or executed on the blockchain within 24 hours of submission, the transaction will be cancelled, you will lose gas, and the purchase will fail on the blockchain. To avoid this, please make sure your MillionCoin purchase is completed within 24 hours.

The exchange rate from MillionCoin to BNB, Ethereum and other currencies on our website may vary.

SECONDARY MARKET SALE IS FROZEN UNTIL AFTER PRE-SALE

MillionCoin token holders during the pre-sale period may not sell, exchange or transfer their MillionCoin tokens until after the pre-sale period. The presale is terminated upon completion of the presale or the maximum time set in the smart contract at the sole discretion of the team.

After presale, the transfer function will be active and allow tokens to be sold, exchanged or transferred freely.

The price of MillionCoin on Uniswap once the presale is over will be set by the market and may vary up and down independently.

WRONG WALLET ADDRESS:

Although we make an effort to ensure the smart contract, we have no control over the wallet address corresponding to a particular user, as this is duly owned and controlled by the corresponding individual or organization.

TOKENOMICS:

We could NEVER make changes to the MillionCoin token and its tokenomics.
